\* ALL RATES ARE SUBJECT TO CHANGE.

## **COST TO SWITCH TO THE RENEWABLE ENERGY BUYBACK SCHEME**

Single phase .....	\$205*
Three phase .....	\$655*
Reprogram fee ^ .....	\$66

\* Base price only, higher prices may apply on some occasions if Remote Communications are required (for example Lifestyle Villages and premises on Automatic Meter Read Cycles)

^ If you already have an existing compatible meter (generally a 0200, 0201, 0214 or 0350 meter type) your meter can be reprogrammed to have REBS. The cost of this is \$66. If you are unsure or wish to confirm your meter type, please call Synergy on 13 13 53.

- All prices quoted include GST and are correct at 1 July 2009. Prices are subject to change at any time.
- The meter is not transferable to any other property. The meter stays where it is installed, even if you sell the property and/or move. The meter always remains the property of the network operator, Western Power.
- Your meter installation or programming fee will be charged in full on your next Synergy bill.
